Installing the Battery

Head Unit
The RT200 series Head Unit use CR2032, 3-Volt Lithium button cell batteries.

⚠️ Turn and lock the battery cap firmly into place making sure the O-ring seal does not get pinched or distorted. CAUTION: To avoid damage to the battery cap slot, do not over tighten.

WL Wireless Speed Sensor (RT288/288L)
The WL Wireless Speed Sensor uses an A23, 12-Volt battery.

Installing the Cadence Sensor & Magnet

Wired Cadence Sensor & Magnet (RT277)
Step 1: Attach the Wired Cadence Sensor with the Zip-Ties supplied and tighten the Composite Spoke Magnet to the bicycle.

Wireless Speed Sensor & Magnet (RT288 / 288L)
Step 1: Attach the Wireless Speed Sensor & Rubber Pad to the front of the left fork leg or the back of the right fork leg using Screw Strap or Zip-Ties provided.

Installing the Mounting Bracket & Sensors

Installing the Mounting Bracket
Installing on the Handlebar
Installing on the Stem
Step 1: Insert the Screw Strap through the hole at the back of the Mounting Bracket. (Installing on the handlebar: from bottom to up; installing on the stem: from left to right).
Step 2: Attach the Mounting Bracket onto the handlebar or stem and then fasten the screw to fix it to its final position.

Installing the Speed Sensor & Magnet

Wired Speed Sensor & Magnet
Step 1: Attach the Wired Speed Sensor with the Zip-Ties supplied and tighten the Bladed Spoke Magnet to the bicycle.

Initial Setup
All RT200 series computer are programmed to enter the Initial Setup Mode after new battery replacement or all clear reset.

Warning: Inserting the mini-CD into a slot-loading drive may damage your drive.

For more details, please refer to the full manual inside the mini-CD included with the product.
VETTA WARRANTS ALL VETTA (The Company) PRODUCTS AGAINST MANUFACTURER DEFECTS FOR A PERIOD OF 3 YEARS. Subject to the following limitations, terms and conditions, components will be free of manufacturing defects in materials and workmanship. The 3 year limited warranty is conditioned upon the components being used and operated in normal riding conditions. This warranty does not cover normal wear and tear (i.e. battery replacement, broken wire), rider abuse, acts of God, improper installation or product alteration.

This warranty is void if the components were not purchased (new) from or through an authorized VETTA retailer or dealer. Examples of unauthorized dealers are online auction sites or online retailers.

VETTA at its sole discretion will repair or replace items at its own cost. Users are responsible for all freight and shipping charges when returning items for warranty service.

In USA, you must either contact the retailer where the product was originally purchased from, or contact VETTA distributor in your country for customer service.

Outside USA, you should contact the local dealer or VETTA distributor in your country for customer service.

The Company shall not be held responsible for replacing items with new items for greater than the amount of the original item purchase price. This limited warranty does provide the original owner with certain legal rights and recourse. The original owner may possess other rights or recourse, depending on the state or country. Please check the web to help answer any question and service manual.
